

NEWS FROM THE KEESEVILLE FREE LIBRARY, MARCH 2026, VOL. 4, ISSUE 3

"THE ONLY THING YOU ABSOLUTELY HAVE TO KNOW IS THE LOCATION OF THE LIBRARY." - Albert Einstein

"The more that you read, the more things you will know. The more that you learn, the more places you'll go,"
- Dr. Seuss

A Note From Our Director

We have had a busy start to the new year. All the book sale books have been moved out of the library to make more space. We have lowered the books so there are no books on the top shelves and cleaned the shelves to give the library a fresh look for spring. We have a busy summer coming up and are looking forward to all the events and celebrations. If you interested in supporting the library by giving your time, or sharing a skill, please stop by!

EPIC PARENTING

Workshop on Supporting Teenagers

Whether you are raising, coaching, employ, or are related to a teen, join us for some realistic and non-judgmental conversations around healthy ways to communicate, set boundaries, and empower our youth. Meeting dates are March 7 and 21 from 10-11:30 a.m.

STUDYING THE NIGHT SKY

The library is sponsoring a three-part series, "Sky Half Full" where attendees will receive instruction by New York State Guide and amateur Adirondack astronomer Ed Gunther on using binoculars to study the night sky. The class will meet from 6-8 pm on March 20, (the spring equinox), April 17, and May 15.

MARCH IS NATIONAL NUTRITION MONTH

To promote healthy eating and physical activity, National Nutrition Month encourages individuals to make informed food choices, develop healthy eating habits, and engage in regular physical activity to complement healthy eating. Here are some ways to participate: Nutrition Bingo on March 24 at 2:00
Bingocize on March 25 at 1:30.
